Ultonium® and Microban® offer protection and peace of mind around-the-clock.

- **EFFECTIVE:** Ultonium® glass lining provides superior protection against corrosion. Microban® antimicrobial technology helps prevent the growth of bacteria, mold and mildew on the surface of the tank lining.
- **EXCLUSIVE:** Niles Steel Tank's unique formula for Ultonium® is the ONLY glass lining in the industry to feature Microban® antimicrobial technology. This is included as a standard feature on all glass-lined tanks from Niles Steel Tank, at no extra cost.
- **DURABLE:** The premium glass lining and protective features are effective for the lifetime of our reliable water heaters and water storage tanks.
- **PROVEN:** For more than three decades, Microban® antimicrobial technology has been infused into a wide range of appliances and plumbing products.
